

# MUTUAL CARE<sup>®</sup>

## LONG-TERM CARE INSURANCE

Mutual of Omaha

### Plan Highlights

#### MUTUAL CARE<sup>®</sup> PROVIDES ESSENTIAL LONG-TERM CARE COVERAGE

- Pays up to **\$100 per day** each day you are eligible to receive covered long-term care services
- Pays up to **100% of the daily benefit amount** for home health care, assisted living and nursing home care
- Includes **five percent simple inflation protection** (lifetime). On each policy anniversary, through the life of your policy, all daily benefits will increase by five percent of their original amounts. In addition, your maximum lifetime benefit will increase each year by five percent of its original value or by five percent of its current value, whichever amount is less – with no annual increase in premium.
- Features a choice of **3-year or 5-year benefit periods** (used to calculate the policy's maximum lifetime benefit)

**3 years:**

\$100 per day x 3 years x 365 days = \$109,500 maximum lifetime benefit

**5 years:**

\$100 per day x 5 years x 365 days = \$182,500 maximum lifetime benefit

#### MUTUAL CARE<sup>®</sup> ALLOWS YOU TO TAILOR YOUR COVERAGE WITH THESE OPTIONS

##### Would you prefer a different daily benefit?

You may change your daily benefit.

\$125 per day       \$200 per day

\$150 per day       \$250 per day  
 \$175 per day       \$300 per day

##### Would you prefer a different inflation option\*?

Five percent simple inflation protection (lifetime), which is included with Mutual Care<sup>®</sup>, provides an adequate safety net for most people. However, you may prefer a lifetime option or no inflation protection at all. The choice is yours.

- Five percent compound inflation protection (lifetime)
- No inflation protection

\*Increases in benefits under your policy are not determined by the actual amount of future inflation and may be greater or less than the amount of inflation.

##### Would you like to share benefits with your spouse?

You share everything else, why not share your long-term care insurance benefits? With this optional policy feature, if you run out of coverage but still need care, you can access benefits under your spouse's identical policy until a minimum of 365 times the current daily benefit remains. In addition, if either spouse dies while both policies are in force, the surviving spouse will receive the deceased spouse's remaining maximum lifetime benefit with no effect on the surviving spouse's premium.

Spouse Shared Benefit

##### Would you prefer less coverage for home health care and assisted living?

This lower-cost option may be a good solution if you have sufficient assets to fund a portion of the costs yourself, or if you have family

members who will provide long-term care services for you. This feature allows you to reduce the benefit payable for home health care and assisted living facility care to up to 50% of the daily benefit while continuing to receive up to 100% of the daily benefit for nursing home care.

50% home health care/50% assisted living/100% nursing home

### **Are you concerned about what would happen if you discontinued your policy?**

As long as your policy has been in force for a specified time, this optional policy feature allows your coverage to continue on a reduced basis in the event you terminate your policy. (See the outline of coverage for details.)

Non-forfeiture Shortened Benefit Period

## MUTUAL CARE® OFFERS TAX ADVANTAGES

Mutual Care® is intended to be a tax-qualified long-term care insurance policy. That means, under current tax laws, you can include the eligible premium amount (established annually by the Internal Revenue Service) as a medical expense as long as you itemize deductions on your income tax return and your medical expenses, including eligible long-term care insurance premiums, exceed 7.5 percent of your adjusted gross income. In addition, the benefits you receive from your long-term care policy are intended to be tax-free.

## YOU HAVE 30 DAYS TO EXAMINE YOUR POLICY

You have 30 days after you receive your policy to return it to us or to your Mutual of Omaha insurance agent. At that time, the premium you paid will be refunded to you and the policy will be cancelled.
